

MyMoney Facebook Application

Access your Ascentra Credit Union account securely through Facebook! Directly from your Facebook page you can: check account balances, view transaction history up to a year back, transfer funds between shares/loans within that account, and update preferences information.

Getting started is easy and free!

1. Sign into your personal Facebook account.
2. In the Search box type in “MyMoney” and click on the magnifying glass icon
3. You will be presented with several results for MyMoney. Click on the one that has the green MyMoney logo (as seen on this page) with the text “Manage your finances right from your FaceBook profile...”
4. Click on “View App”.
5. When the MyMoney app appears click on “Go To App”.
6. Enter Ascentra in the Financial Institution Name field and click “Search”.
7. Once you see information appear for Ascentra Credit Union click on the “Info” icon, then the “Add” button.
8. Click on the “Create a MyMoney Account” link.
9. Enter the required information exactly as it appears on your account. *Important: For “UserID/Member Number” you must enter your Ascentra account number, not the UserID you use to log into Online Account Access home banking. This is opposite of our own OAA requirements.*
10. If the information you entered in step 9 above is correct, you will be prompted to set up a password and some additional authentication information that will assist in protecting your account. You now have access to your account from Facebook!
